Infinite sunset

Welcome to
your own paradise

That moment. The one that unfolds before us at sunset, when the sky is dyed with warm tones and the sun immerses itself in a unique spectacle. Flashes of the sun bidding farewell. That moment when you find calm.

Moments that are the essence of Laguna Suites, the new architectural horizon that will redefine the experience of living overlooking the Mediterranean.

Laguna Suites is the key that opens the doors to a much more fulfilling life: tranquil morning walks by the sea, radiant afternoons at the beach, and evenings getting lost in its vibrant streets.

The balance between the tranquility of your home and the vitality of the sea awaits you.

WELCOME TO LAGUNA SUITES

A Different Lifestyle

Welcome to Laguna Suites, a residential complex where every detail has been carefully designed to provide all the comforts for you and your loved ones.

Laguna Suites has been conceived to offer you all the amenities you can imagine: outdoor and indoor pools, solarium, spa, chillout area, coworking space, gym... all the services of a hotel in your own home.

A place where you will find comfort and well-being throughout your life, in all its stages.

FUENGIROLA - MIJAS, LAND AND SEA

A connection with the Mediterranean essence

Laguna Suites is strategically located between the coastal towns of Fuengirola and Mijas; towns in harmony between the charm of the city and the tranquility of the sea.

Fuengirola boasts a privileged environment both for its beauty and its mild climate throughout the year. Its sea stretches along the coastline, with 8 kilometers of beaches that hold the Blue Flag distinction, an acknowledgment of the quality of its waters and its soft golden sand.

But Fuengirola is also land. The city offers experiences to get lost in its streets, such as the imposing Sohail Castle, a witness to the passage of time and numerous sunsets.

Mijas, with its picturesque cobbled streets and rich cultural heritage, adds to the urban life richness of Fuengirola, as well as the diversity of its gastronomic offer, which enchants both locals and visitors.

CITIES OPEN TO THE WORLD

Between Malaga & Marbella

Laguna Suites is strategically located less than half an hour from both Marbella and Malaga, two cities that share a cosmopolitan atmosphere, where you can enjoy the sun, the beach, and gastronomy, offering residents a perfect mix of relaxed lifestyle and sophistication.

But these two cities are much more. Malaga, a dynamic city steeped in history and culture that captivates its visitors with gems such as the Alcazaba, the imposing Cathedral, the Picasso Museum, and the Centre Pompidou.

Meanwhile, Marbella, with its luxurious enclave in Puerto Banús, adds an element of elegance and style to the unique experience offered by Laguna Suites.

In constant evolution

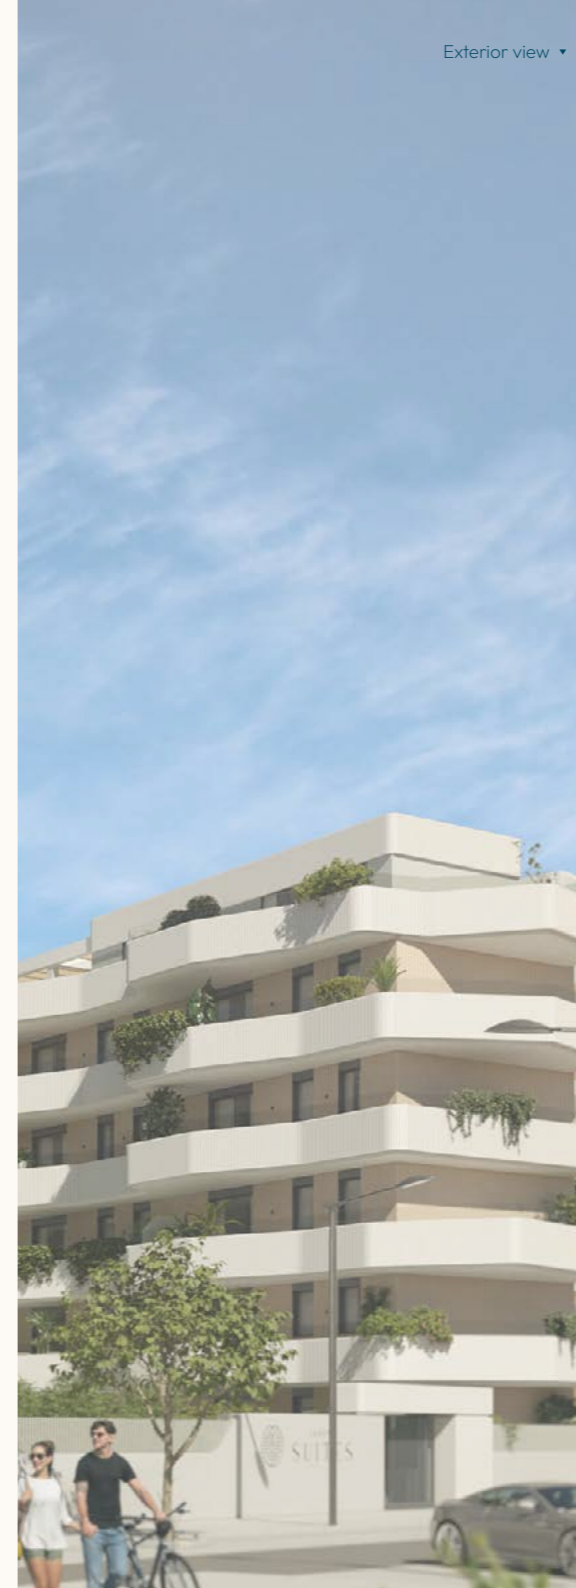

Beyond its historical and cultural splendor, Malaga boasts an excellent educational network, state-of-the-art health facilities, and a diverse gastronomic and commercial offer that not only reflects its present but also projects its vision towards the future. The city is consolidating itself as an emerging technological hub in Spain and Europe, driving the constant evolution of the city.

Thanks to its location, it is a point of global connection where Malaga-Costa del Sol Airport plays a crucial role, with more than 130 direct flights to various cities that make Malaga a city connected to the world.

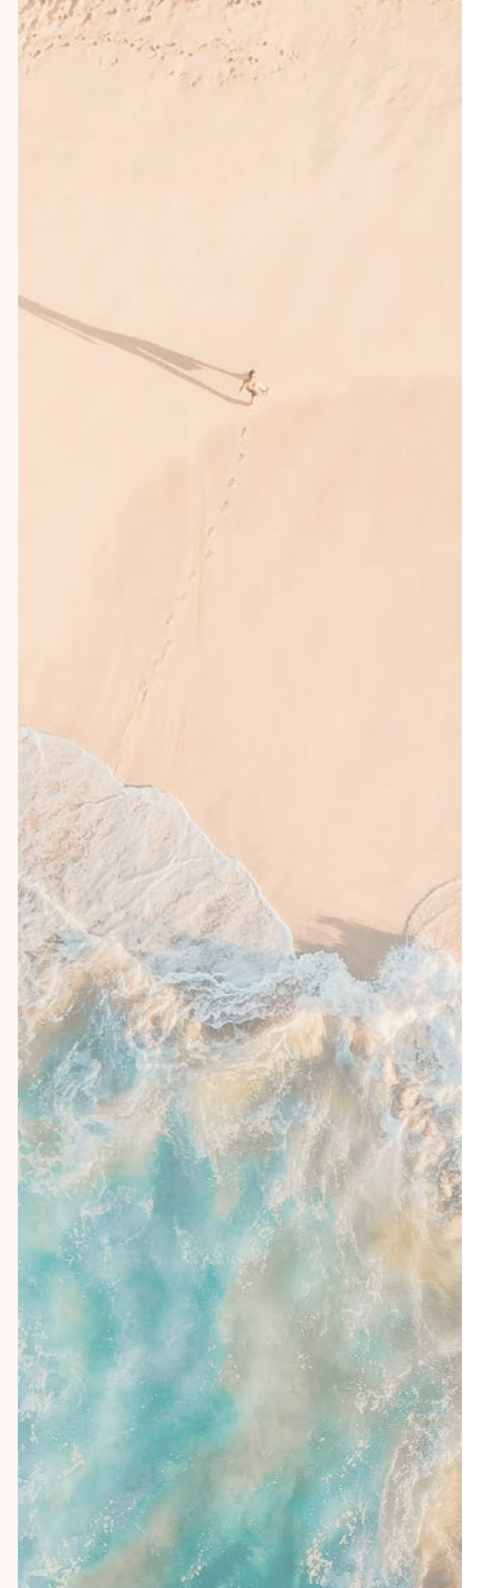

INNOVATION AND AVANT-GARDE

Organic architecture

With 187 homes, Laguna Suites redefines the concept of avant-garde, achieving an architectural balance between straight lines and curves that visually transform with sunlight. Its distinctive balconies take on unique organic forms that alter the appearance of each floor, endowing them with innovative and distinctive architecture.

MORE THAN JUST HOMES

Immerse yourself in tranquility

The concept of Laguna Suites goes beyond being just a set of homes; it constitutes a residential complex that offers a wide range of services to satisfy all your needs. 3 outdoor pools, 1 indoor pool, wellness and chill-out area, gym, coworking space... We have conceived a complex that allows you to develop the lifestyle you seek, with spaces designed for both personal enjoyment and social activities. The proposed concept at Laguna Suites will add additional value to your quality of life.

5-STAR AMENITIES

Live like in a hotel

Laguna Suites has been conceived not only as a residential complex but as an environment where you can enjoy all the amenities of a hotel.

Enjoy a morning swim in winter. Sunbathe under the gentle spring sun. Strengthen your body in the gym before facing the day. Immerse yourself in a relaxing bath in the spa at nightfall. Find inspiration while you work. Share dinner and laughter with friends in the chill-out area.

GREEN AREAS

RELAXATION ZONE

Spaces for enjoyment

Laguna Suites features three outdoor pools, an indoor pool, spa area, solarium, and chill-out zone. Experience well-being at its highest expression with each of these spaces designed to pamper your body and senses. Live with all the luxuries of a hotel every day of the year.

FITNESS ZONE

Spaces for taking care of yourself

Laguna Suites features a dedicated area for you to lead an active and healthy lifestyle. With a modern and comprehensive gym area equipped with the latest fitness trends, your home becomes your personal training center. Stay in shape without leaving home, enjoying first-class facilities that make every day an opportunity to take care of yourself.

CO-WORKING ZONE

Spaces for working

Laguna Suites is a residential complex adapted to its time and designed to meet all your needs. Therefore, we have designed a co-working space with all the comforts and services so you can develop your activities.

Equipped with high-speed internet access, conference rooms, and rest areas, the co-working area becomes a space where you can work, interact, and generate synergies in a modern and dynamic environment.

ENERGY EFFICIENCY

Energy Rating A

At Nuovit Homes, we have a responsible vision of architecture, focusing on designs and construction models that respect the environment and integrate into the surrounding ecosystem. We work according to the highest standards in environmental protection and smart energy consumption. Laguna Suites has an "Energy Rating A".

Innovative multi-layer facade system with high resistance and excellent thermal performance.

Carpentry with thermal break and Climait glass.

High-efficiency athermal system for DHW (Domestic Hot Water).

Photovoltaic solar panels.

A CO2 emissions less than 10 kg of CO2/m2/year.

A Energy consumption less than 44.6 kWh/m2/year.

ENVIRONMENTAL COMMITMENT

Living with an eye to the future

We are firmly committed to environmental preservation and have a forward-looking vision. We implement advanced systems to reduce our carbon footprint and promote a sustainable environment.

We aspire to create a home that not only meets current needs but also contributes to the long-term well-being of people and the planet. With an innovative approach and eco-friendly technologies, we are building not just homes, but a more sustainable future for everyone.

LEGAL NOTICE: These options may be substituted by AGP REAL ESTATE 3, S.L. for others of equivalent quality. Consult legal text below:

Project in pre-commercialization phase for identification of potential buyers. Building license in process. Floor plans for each unit and annexes are available to buyers at sales offices. This document, including infographics, has been prepared based on the Basic Project, thus it may undergo modifications due to technical requirements, always adhering to the Final Execution Project and the requirements of municipal authorities. For appropriate purposes, the Promoter expressly states that their actions, as well as the contracting of this development, will at all times comply with the requirements established in Law 38/1999, of November 5, on Building Planning. Additionally, it is noted that the amounts paid in advance for construction of the development plus corresponding legal interest will be secured by a financial institution pending designation from the date the building license is obtained and initial payments towards the price are received, which (including the reservation amount) will be deposited in a special account in accordance with the aforementioned law. A copy of said guarantee will be provided to buyers upon signing the private purchase contract. The reservation document and the Short Information Document are available to buyers for consultation of their content. The Statutes governing the Owners' Community will be approved upon completion of construction. Determination of participation in common elements of the building will consider criteria specified in Art. 5 of Law 49/1960 of July 21 on Horizontal Property.

Data included in this catalogue of construction qualities are subject to possible modifications, with AGP REAL ESTATE 3, S.L. reserving the right to introduce changes prompted by legal, technical, or commercial reasons advised, or ordered, by competent public authorities.

Specific brand and model of each product are indicated for guidance purposes only, thus mentioned products may be substituted with others of equivalent quality, should aforementioned reasons apply. Images and infographics shown have been created based on information from the Basic Project, and may not include installations such as radiators, grilles, sockets, downspouts, etc. Therefore, images and infographics in this brochure are purely indicative and non-binding on a contractual level. This document is for informational purposes only, subject to modifications arising from urban, administrative, technical, or legal requirements related to technical direction and corresponding acquisition of licenses and necessary permits, as well as construction or design needs, without affecting the overall quality level described. Reference images and infographics are indicative and non-binding on a contractual level.

This dossier contains images that are virtual recreations of the project and include decorative elements, furniture, and vegetation that are not part of the offer. Prices of homes, if reflected in this document, do not include the corresponding VAT for home purchase, nor do they include associated expenses.
